3 Draft calling for an estimate of cost from the 3 firms at Bangalore who usually supply jewels to Govt is put up.

4 A provision of Rs 9.000 is made in the current year's budget for "Durbar Presents". Out of this provision bills aggregating Rs 5675 for cost of jewels ordered last year but received this year - have been paid leaving a balance of Rs 3325. Of this balance - the cost of Khillats presented to title-holders during the Dasara in Oct 1917 has to be met - Bills therefor have not yet been received from the Palace Controller - The bills received last year amounted to Rs 2835 - Practically there will be no amount available out of the budget provision for the jewels which have now to be ordered -

5 The total cost of the 4 jewels now required will be approximately Rs 3,500 according to the quotations rec'd last year - This amount will have to be met from lapses & surrenders - Br II may be consulted after the issue of the draft - Submitted

The gems we would utilise will be of the fine quality supplied by us in the past, while the gold, as usual, will be of 22 ct. The designs, we presume, are the same as those of previous years, copies of which we have here in our Workshops.

In conclusion, we would like to mention that about a year ago, when an order was placed with us for two jewels of the II Class, we wrote Home for a further supply of the special fine quality pearls

which we have always employed for this work. Our Agents at Home were not able at the time to get us anything, but, after a deal of trouble and at a greatly enhanced price, they were able to purchase for us a parcel of these pearls, and these have only recently come to hand. Further efforts on the part of our Agents to secure another parcel have, so far, not been successful. It is an extremely difficult matter now-a-days to get this quality of pearl, for, prior to sending Home for them, we tried all over India, but without success. The price of small double-cut diamonds has moreover been very materially advanced in the past 12 months.

As regards the time required for the preparation of the jewels you require, we think we could complete them in 5 to 6 weeks' time, or earlier, if it is absolutely necessary that they should be delivered quicker.

Awaiting your commands, and always at your service,

We are, Dear Sir,

B A N G A L O R E.

Dear Sir,

In reply to your esteemed favour No. G15196 dated the 11th May, we regret to say that the jewels of the Second and Third Class of the Order of The Gundabherunda ordered by you are not as yet completed, but we hope to have them both ready in three weeks' time, or earlier if possible. We are experiencing very great difficulty as regards our workmen. Out best stone setters have been very irregular in attendance, and having allotted the work to a particular man, it is very inadvisable to transfer it to another, as this is bound to give rise to trouble. Having always devoted our best workmen to the manufacture of these jewels, we are insisting that those who began the work should complete it.

We trust with this explanation, you will pardon the delay, and beg to assure you now that our men are on the work again, we will see that they do not under any circumstances delay any longer.

We are, Dear Sir,

Yours faithfully,
